GOOD
DESIGN

Only 10 pieces

which quickly and easily assemble
onto the durable, stainless steel frame -
containing no screws, nuts or bolts

Our award-winning* commode features smooth moulded, non-porous and non-staining plastic parts and patented EasyMove™ and TotalStop™ lockable wheels. The 360° rotating and removable footrests incorporate a patent pending 'Clip & Slide' mechanism. The latex-free seat cover contains no stitching or foam components which are known to harbour microorganisms.

This minimalist design reflects the latest thinking in infection prevention, making it easy to clean which in turn increases compliance and is consequently used by over 50 NHS Trusts across the UK.

* Winner of the Good Design Awards 2012,
organised by The Chicago Athenaeum
Museum of Architecture and Design

EASY CLEAN COMMUNE

Our unique, super hygienic, multi-functional commode. It can be fully dismantled, making it simple and easy to clean.

Good Design Award

Due to its unique, superior design features, Clinell's Easy Clean Commode has been awarded with the prestigious GOOD DESIGN™ award - the world's oldest, most recognised, annual Design Awards by The Chicago Athenaeum Museum of Architecture and Design.

Multi-functional

Suitable for both pulp and plastic bedpans. Can also be used as a shower chair or over a toilet.

Removable single piece, plastic bedpan rack

The fully removable rack allows for easy cleaning, over the toilet access and the insertion of top-loading pulp bedpans.

Durable, stainless steel frame

3 year frame warranty.

Easy move lockable wheels

With patented EasyMove™ and TotalStop™ design*.

Hinged arm rests

Enables easy patient transferring and support handling. The arms lock securely when down.

Non-stain plastic

Resistant to staining and chemical damage.

Easy clean

No screws, nuts or bolts and smooth, curved, non-porous surfaces allow for better and easier cleaning which increases compliance. This means less places for dirt and germs to accumulate.

Rotating, removable footrests

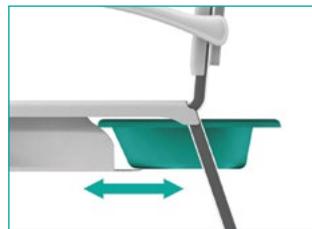

Rotate 360° so they can be turned out of the way for easy mounting or dismounting. Incorporates patented Clip & Slide mechanism for easy removal**.

Safe and sanitary plastic seat

Latex-free seat cover, which sits flush within the seat, with no stitching or foam which guards against germ build up, allergies and is easy to clean.

Convenient seat storage

The seat cover can be neatly stored at the back of the commode.

Plastic or pulp bed pans slide in from the rear.

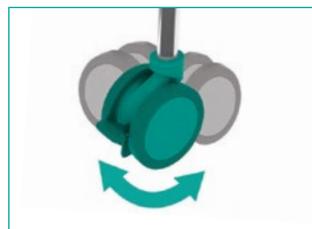

Top loading, moulded, single piece, plastic bedpan rack.

Hinged, lockable arms for easy patient transfer.

Seat cover stowed safely at the back of the seat.

Patented EasyMove™ and TotalStop™ design wheels.

Patent pending - clip and slide footrests.
