

QUALITY POLICY STATEMENT

DCC Vital Ireland, through our Manufacturing, Distribution and Service Businesses, is committed to developing and providing best in class products and services to all our stakeholders including patients and customers across the Healthcare Channels.

This is achieved through:

- i) adhering to current and emerging legal, regulatory, scientific and technology requirements for our manufacturing, distribution, services and commercial activities in the territories in which we operate,
- ii) fostering a strong Quality Culture and our shared set of values through an effective Quality Management System supported by education and development of our people to engage and enable them to work competently, to grow and to progress,
- iii) working closely with our suppliers, customers, users and our businesses to ensure development and provision of safe and excellent products and services to meet requirements and for growth,
- iv) continually improving our quality using a risk-based approach and measuring performance against established Quality Objectives and Key Performance Indicators that are shared and understood.

A collection of handwritten signatures in black ink, arranged in a cluster. The signatures are of various styles, some legible and others more stylized. Names that can be partially identified include 'John O'Sullivan', 'Mark Coffey', 'No. Kelly', 'See my etc', 'Sheela', 'Paul', 'Martin', 'Dorcas', 'Catherine', 'P. O'Sullivan', 'R. O'Sullivan', 'Francis O'Sullivan', and 'Ross'. The signatures are written over a white background.
